INTRODUCED BY

COUNTRY: Sweden

SUBJECT: Proposals on Bearings Standardization

DATE ACQUIRED: [REDACTED] 25X1A

DATE OF INFO: Jan 53

DOCUMENTARY

1. Available on loan from the CIA Library is a copy of the proposals on ball and roller bearings to be brought forth at the International Standards Organization meeting in Gothenburg, Sweden, August 31, 1953.
2. These proposals represent the main arguments proposed by the ISO Technical Committee #4 (headed by the Swedish group), and will be discussed in detail in the bearings section of that conference.
